Intercim to Present Best Practices for Achieving Operational Excellence at Annual ARC Forum

Who: Intercim Vice President of Marketing and Corporate Strategy Judson Plapp

What: Panel titled "Operational Excellence for Sustainability"

Where: Rosen Centre Hotel, Orlando, Florida

When: Wednesday, February 4th, from 9:00 a.m. to 10:00 a.m. Eastern

ST. PAUL, Minn. — Jan. 27, 2009 — [Intercim](#), LLC, a global leader in manufacturing operation management (MOM) software, announced today it will be presenting at ARC's Thirteenth Annual Orlando Forum, titled "Winning Strategies and Best Practices for Sustainable Manufacturing." Intercim's Judson Plapp will participate in a panel discussion titled "Operational Excellence for Sustainability." Plapp will discuss how customer Ball Aerospace has used Intercim's Pertinence Suite to reduce its close out cycle times, decrease task times and increase accuracy by eliminating the redundancies of a paper-based management system.

The panel will feature participants not only from the Aerospace industry, but also other manufacturing industries, such as General Mills.

Founded in 1986, ARC Advisory Group helps clients with manufacturing, logistics, and supply chain solutions address complex business issues and find the best solutions tailored to their individual needs.

About Intercim

Intercim has 25 years of experience in helping discrete manufacturers meet regulatory requirements, harness lean principles, manage quality and execute processes in a paperless environment. The company is a demonstrated leader in manufacturing and production operations management software solutions for advanced and highly regulated industries. Intercim has offices throughout the United States and in Europe, with industry-leading customers such as Boeing, Sanofi Pasteur, Airbus, Ball Aerospace, BMW, and Honeywell. In addition, as part of its initiative to provide the utmost in operational excellence, the company also has technology partnerships with Dassault Systèmes, SAP and Microsoft.
